Proof of right to work (visa holders)

With effect from 6th April, BRP holders will only be able to evidence their right to work using the Home Office Service (Prove your right to work to an employer - GOV.UK (<https://www.gov.uk/prove-right-to-work>)). You will need one of the following in order to do so:

- biometric residence permit number
- biometric residence card number
- passport or national identity card

This should provide you with a Right to Work Share Code, which will need to be shared with us, if you are successfully appointed.

The BRP itself will no longer be accepted as proof of right to work, therefore evidence of your share code is mandatory.
