## Happy to talk Flexible Working

At ELHT we understand that allowing our colleagues to balance their work and family lives, when done well, has significant and widespread benefits both for individuals and for our services and patients.

**This means that, from the very start of your employment with us, we are happy to talk flex!**

Our new approach to flex is open to all and does not require a certain set of circumstances to make you eligible. It applies to all colleagues from the day you start work with us. Whether you are focussed on your health and well-being, have family or caring commitments, want to balance more than one job or just generally need a better balance of home and work life then we encourage all colleagues to start a conversation with their manager to see if and how we can support you.

More information about our approach to flexible and agile working can be found on our website or alternatively if you email [askhr@elht.nhs.uk](mailto:askhr@elht.nhs.uk), they will send you this information.

## **Equality, Diversity and Inclusion - STATEMENT OF INTENT**

ELHT is striving for Equality, Fairness and Sense of Belonging. We want this for everyone.

When we say everyone, we mean **all** employees. To do that well, we need a workforce that's more representative of the communities we serve. That's why we've embraced a refreshed and accelerated approach to inclusion.

Many of the greatest ideas, innovation and discoveries come from a diverse mix of minds, backgrounds and experiences we are committed to cultivating a thriving, inclusive work environment.

So we're building a culture where differences in race, gender, age, neurodiversity, disability status, religion & belief, sexual orientation, identity, national origin or any other protected characteristics, are valued and celebrated.

We want diversity, equality, fairness and inclusion practices in everything we do. We want all of our processes, systems and policies to promote equality of opportunity without bias and discrimination.

We want all employees to feel included, welcomed, respected, supported, developed, appreciated and recognised. We want an inclusive workplace where everyone feels empowered and comfortable to bring their full, authentic selves to work. We respect the visible and invisible qualities that make you who you are.

We strive to build and nurture a culture where inclusiveness is a default, not an initiative; where there is a deep sense of pride, passion and belonging that transcends any role.

We know through experience that diversity of ideas, perspectives and backgrounds creates a stronger and more creative work environment that delivers better results. To support an environment where employees feel empowered to share their experiences, ideas and influence change, we've encouraged the creation of Employee Network Groups including Black Asian Minority Ethnic (BAME), LGTBQ+, and Disability & Mental Health for staff.

There is more to do, but with the help of our entire ELHT family - employees, volunteers, service users, partners, and community- we're greater when we're Equal and, Together, we can achieve Equality for All.
