- Responsible for the safe and effective use of equipment and other resources, ensuring equipment is maintained in good working order
- Ensure vaccine, stationery and health promotion resources are available in immediate work area and monitored appropriately

#### **Responsibilities for human resources (including training)**

- Improve and maintain personal and professional development by participating in continuing professional development activities.
- Attend statutory and mandatory training in compliance with PHT requirements
- Have an awareness of Trust policies and procedures that affect the management of staff
- Involved in the induction and supervision of new and existing staff.

#### **Responsibilities for information resources (including systems access)**

- Effectively use IT support systems to enhance direct and indirect care delivery
- Use of an electronic patient record system
- Submit accurate and timely activity data as required

#### **Freedom to act**

- To make judgements and decisions within the confines of own professional code of conduct boundaries and within national and trust guidelines/policies for self and report to the Vaccination Supervisor and Vaccination Site Lead
- Work independently with some supervision

#### **Physical effort**

- Manual handling of equipment (e.g. records, vaccination equipment)

#### **site confirmation**

- Ensure vaccine preparation (drawing-up, ensuring correct storage and providing pre-prepared syringes to the vaccination station)
- Assist and support the vaccination delivery (ensure national guidelines are respected regarding PPE, clinical and non-clinical waste, sanitisation)
- Ensure that the latest PPE guidance is followed.
- Work in partnership with patients and carers, gaining consent, and treating all with reassurance, empathy, professionalism and handling difficult conversations
- Coordinate the infection control and waste disposal, ensuring that all activities are adhered to the highest health & safety standards
- Ensure the correct observation of the patient's post-vaccination and offer any support they may need in case of adverse reactions

#### **Behaviour / Ways of working / Work approach**

- Manage and prioritise own workload
- Work as an effective team member, demonstrate good personal communication skills and actively promote excellent team and interdisciplinary relationships
- Demonstrate appropriate assertiveness and ability to challenge others when the rights of patients may be affected.
- Display good analytical ability and sound decision making in changing clinical situations.
- Demonstrate concise, accurate, timely record keeping and ensure that all work carried out is recorded accurately
- Provide skilled, evidence-based care which adheres to agreed policies and procedures

#### **Patient Safety and Clinical Governance**

- Use clinical judgement and risk assessments to keep the patients as safe as possible
- Follow the centre and national policies including Patient Group Directions

- Frequent requirement to exert moderate physical effort (walking, standing up)
- Sit moderate periods in the office when using visual Display Units / writing records / correspondence
- Lift and carry patient records and equipment daily

#### **Mental effort**

- Frequent requirement for intense concentration (drawing-up, patient assessment and observation)
- Work pattern altering to meet service need and prioritising work issues accordingly with changes faced

#### **Emotional effort**

- Occasional need to cope with difficult emotional situations
- Occasional exposure to aggressive patients and/family members

(PGD's) and national protocols or standard operating procedures (SOPs) are followed. These include SOPs on the safe storage, administration and disposal of the vaccine.

- Assist in the monitoring and maintenance of the health, safety and security of self and others in work area. Assist in the identification and assessment risks in work activities.
- Practise in accordance with the professional, ethical and legal codes of the site and its protocols and guidelines
- Work with team to maintain high standards of infection control in the clinical area and a well-maintained department environment
- Actively promote diversity and sustain relationships that promote dignity, rights and responsibilities. Identify and take action to address discrimination and oppression
- Ensure that the practice complies with Data Protection/ Confidentiality/ Caldicott principles in addition to Statutory and Regulatory guidelines of the Professional Bodies (NMC, GPhC, HCPC and others)
- Safeguard people by recognising and responding when an adult or child might be at risk from abuse but also recognising their own limits and asking for help and escalate concerns when necessary
- Reflect on everyday practice to identify areas where improvements in safety or quality can be made
- Maintain compliance with staff mandatory training requirements
