## **Data Protection Act, General Data Protection Regulation (GDPR) and the NHS Code of Confidentiality**

All staff are responsible for ensuring they are familiar with and adhere to the Trust's policies, procedures and guidelines with regards to the Data Protection Act, General Data Protection Regulation (GDPR) and the NHS Code of Confidentiality. This includes confidentiality, information security, cyber security, secondary use and management of records.

Staff have a responsibility in protecting the “rights and freedom” of natural persons (i.e. live individuals) and to ensure that personal data is not processed without their knowledge, and, wherever possible, that it is processed with their consent. Processing includes holding, obtaining, recording, using and disclosing of information and applies to all forms of media, including paper and images. It applies to both patient and staff information

Hence staff must ensure confidentiality is maintained at all times, data is recorded accurately and you only access this information as part of your job role

## **Safeguarding Children, Young People and Adults with care and support needs**

All staff are responsible for ensuring that they are familiar with and adhere to the Trusts Safeguarding Children and Adults policies, procedures and guidelines. All health professionals who come into contact with children, parents, adults with care and support needs and carers in the course of their work have a responsibility to safeguard and promote their welfare as directed by the Children Acts 1989/2004 and the Care Act 2014. Health professionals also have a responsibility even when the health professional does not work directly with a child or adult with care and support needs but may be seeing their parent, carer or other significant adult.

All staff are required to attend safeguarding awareness training and undertake any additional training in relation to safeguarding relevant to their role

This job description is not intended to be an exhaustive list and may be subject to change from time to time. All documents referred to throughout this Job Description can be found on the Trust’s intranet, or alternatively copies can be obtained from the Human Resources Directorate

## **Sustainability**

Sustainability and Corporate Social Responsibility are fundamental to the way the University Hospitals of North Midlands NHS Trust (UHNM) work. The Trust has developed a Sustainable Development Management Plan (SDMP): ‘*Our 2020 Vision: Our Sustainable Future*’ with a vision to become the most sustainable NHS Trust by 2020. In order to achieve this, we need the support of all staff. As a member of staff, it is your responsibility to minimise the Trust’s environmental impact and to ensure that Trust resources are used efficiently with minimum wastage throughout daily activities. This will include minimising waste production through printing and photocopying less, reducing water waste and when waste is produced, it is your responsibility to segregate all clinical waste correctly and recycle. Switch off lights and equipment when not in use, report all faults and heating / cooling concerns promptly to the Estates Helpdesk and where possible minimise business travel. Where the role includes the ordering and use of supplies or equipment the post holder will consider the environmental impact of purchases.

*SWITCH to a Sustainable UHNM* is a campaign that focuses on the sustainability of the Trust and how we can use resources more effectively to provide better patient care, improve our health and work place. SWITCH is looking to recruit as many Champions as possible to help to bring the campaign to colleagues in their departments / wards and bring SWITCH to life. If you are interested in becoming a SWITCH Champion please contact [switch@uhns.nhs.uk](mailto:switch@uhns.nhs.uk)

## **Disruptive Incident & Business Continuity**

The Trust needs to be able to plan for, and respond to a wide range of incidents and emergencies that could affect health or patient care. These could be anything from severe weather to an infectious disease outbreak or a major transport accident.

All staff are required to have an awareness of the Trust's business continuity arrangements, as a minimum. All staff will be required to;

- To know how to identify a business continuity incident and the method for reporting;
- To have an awareness of local business continuity arrangements;
- To participate in awareness, training and exercises, as required;

In the event of a disruptive incident, all Trust employees will be required to attend work if they are fit and well and able to do so in line with a Trust risk assessment. Those who are clinically qualified will be required to work flexibly across the Trust to meet the service need in clinical areas. This will include front line clinical staff who will be expected to cover alternative duties as and when required in order to ensure that all essential services are maintained.
