Job title	Driving and Maintenance bank driver
Employer	Gloucestershire Hospitals NHS Foundation Trust
Location	Oncology Department – Cheltenham General Hospital & Community Hospitals within Gloucestershire.
Hours per week	variable
Job type	bank

Are you an experienced HGV Class 2 driver looking for a new and exciting challenge that will make a difference to our patients? If the answer is yes... then read on!

we are looking to recruit an experienced HGV Class 2 driver on the bank , who will be able to co-ordinate the driving and maintenance of our Mobile Chemotherapy Unit in the absence of our full time driver. The purpose built vehicle, with all the necessary drugs and equipment is driven to various locations across the county to enable our specialist chemotherapy nurses to treat patients closer to their homes.

The vehicle currently operates five days per week.. It is essential that you are prepared to develop an awareness of the needs of cancer patients and their families, as the post holder will be expected to provide a supporting role for the nursing team when patients are being treated on the unit. All normal terms and conditions associated with the HGV class 2 licence apply to this post. In addition you will be expected to complete a certificate of Professional Competence also known as the Drivers Qualification card.

For further information please contact:

Julie McNally Senior sister oncology Julie.mcnally1@nhs.net or Sarah Burrows, Senior Sisters in the Oncology Outpatients Dept on 0300 422 4049 or Tracey Cullerne Matron for Oncology on 0300 422 4048 or tracey.cullerne@nhs.net

Informal visits would be most welcome.

Closing date- 2 weeks
