

Chelsea and Westminster Hospital
NHS Foundation Trust

Patient Administrator

CLINICAL SUPPORT SERVICES

JOB DESCRIPTION

About our organisation

Chelsea and Westminster Hospital NHS Foundation Trust provide services from two main hospitals, Chelsea and Westminster Hospital and West Middlesex University Hospital, and a number of clinics across London and the South-East.

We have over 6,000 members of staff that are **PROUD to Care** for nearly one million people. Both hospitals provide full clinical services, including full maternity, emergency and children's, in addition to a range of community-based services across London, such as award-winning sexual health and HIV clinics.

We're one of the safest and best performing Trusts in the country. We're also one of the top trusts to work for – our staff say they're engaged, motivated, and would recommend us as a place to work and receive treatment.

In 2020 Trust was rated by the Care Quality Commission as Outstanding in the well-led and use of resources domains and Good in the safe, effective, caring, and responsive domains. The Trust as a whole was Good, but the Chelsea site was Outstanding.

Our facilities are some of the best in the country. We have been investing around £10 million a year in our estate. We are currently spending £25 million on expanding our adult and neonatal critical care facilities at Chelsea and Westminster and redevelopment of our children's unit at West Middlesex – in partnership with our charity, CW+ and generous donors.

Our priorities

1. Deliver high-quality patient-centred care

Patients, their friends, family and carers will be treated with unfailing kindness and respect by every member of staff in every department and their experience and quality of care will be second to none.

2. Be the employer of choice

We will provide every member of staff with the support, information, facilities and environment they need to develop in their roles and careers. We will recruit and retain people we need to deliver high-quality services to our patients and other service users.

3. Deliver better care at lower cost

We will look to continuously improve the quality of care and patient experience through the most efficient use of available resources.

Our staff

Our staff survey results show that our Trust continues to have high levels of job satisfaction. Striving to improve this even further remains our priority of being an employer of choice. This means not only attracting staff, but keeping them through investment in learning and development, career progression and attention to work/life balance.
