

Team Leader Post and Specialist Interest lead for teams of Champions –

Specialist Community Public Health Nurse (Health Visiting)

Full time/Part time positions

‘Community based, child and family focused, corporate team safe working’

We are looking for dynamic forward thinking band 7 leaders to augment the innovations already begun in Croydon.

We have remodelled and been able to extend our Band 7 leadership team .

Vacancy for Specialist leads now excitingly include:

1. Practice Education / SPT
2. Complex Needs and SEND
3. Maternal Mental Health, Perinatal and Infant Mental Health
4. Homeless health
5. Team Leader – Clinical Governance

Are you an experienced Health Visitor looking to develop in a leadership role and managing clearly defined and safe corporate caseloads whilst supporting a specialist interest area?

If so, here in Croydon we have newly innovative and freshly implemented corporate working model that assures all colleagues of a fair and equal caseload using our Gold Standard measure, modelled to include pro rota allocations, protected time for supervision, support, and training for example iHV initiatives, internal and external training opportunities, Chat health , Internal specialist areas eg NMP prescribing, specialist roles such as Perinatal Mental health and Homeless health.

Team leadership and specialist leads are supported with access to the Corporate Coaching model, structured middle management training, access to Professional Nurse Associate Support, strong team morale working corporately to develop services via Health Visitor Improvement Plan within a positive practice environment.

ALL colleagues are valued and benefit from iHV corporate membership, parking permits to facilitate work across the borough, mobile phones, lone working ‘people safe’ to keep you safe 😊 .

ALL colleagues are encouraged and supported to develop their professional interest and roles. We offer 7 specialist areas closely aligned to the 6 High Impact Areas of the HCP of which we are currently seeking innovative and strong Band 7 leaders. This model is unique within London and offers an incredible opportunity to work at band 7 level within Health Visiting and a specialist area. You will join and be actively leading with colleagues to ‘*Champion*’ across the borough, for example:

1. Team leadership and corporate governance, data management and audit
2. Complex needs, SEND,

3. Safeguarding children
4. Homeless health
5. Practice Education and Facilitation
6. Infant feeding, health weight and nutrition, breast feeding.
7. Maternal mental health; Perinatal Infant mental health,

Croydon health Visiting is a diverse and highly professional corporate team and would welcome your interest – come and spend the day with us to see how we are working so we can get to know each other, meet the children and families of Croydon and see how and where you can join the team to make a difference for our families in Croydon.

We have close working relationships with partner agencies and excitingly Croydon has applied for the new Family Hubs Government Initiative which will mean cutting edge shared working.

Open days to meet us and plan your next steps : 7.6.2022 & 18.6.2022

We look forward to hearing from you – for further details and questions call :

Interview date: 2022
