

Paediatric Emergency Department

"I have worked in ED since qualifying as a nurse. The emergency department is a fast paced and crazy environment but I wouldn't change it! No one day is the same, I am constantly learning new skills and developing my own practice. We provide a high quality service for our families. We are a friendly, approachable multi-disciplinary team who are really well supported and encouraged to progress our careers. Come and join our department and be a part of an evolving service."

Chathuri – Deputy Sister

"I am a Nursery Nurse in Paediatric ED, it's a busy, challenging department with lots to experience and opportunity to gain new skills. Come and be supported and be part of a great team of Nurses and health professionals who are friendly and family focused."

Clare - Nursery Nurse

"I have worked in PCH ED for a few years now. I love coming into work and not knowing what the day may entail, from broken limbs to resus patients; no two days are ever the same. Although the department can be demanding, you will be supported by a fantastic team. Come and join our team, we would love to have you with us."

Lauren – Paediatric Nurse ED
