The Senior Sister / Charge Nurse / Senior ODP must

- Act as a guardian for professional accountability and standards, ensuring professional practices in line with the requirements of the Nursing and Midwifery Council (NMC) / Health and Care Professions Council (HCPC) and the Trust
- Ensure the provision of safe and effective patient care
- Ensure environmental standards and cleanliness are maintained in line with national and Trust Standards in the Theatre / Department
- Effectively manage the Theatre /Department nursing / ODP resource
- Support and contribute to the development of patient care and practice within the Directorate, contributing to Trust projects where required
- Ensure junior staff and students have appropriate supervision and support and are appropriately assessed.

4. Organisational arrangements

Reports to: Directorate Manager via Matron

Responsible for: Nursing / ODP staff (and associated roles) within designated area

Professional accountable to: Nursing & Patient Services Director via Deputy Directors of Nursing

5. Knowledge Training and Experience

- See essential requirements
- Maintain and improve professional knowledge, skills and competence of self and others
- Be responsible for own professional development, identifying training needs, set objectives and attend appropriate courses

6. Skills

Communication and Relationships

- Ensure that quality indicators (CAT / Safety Thermometer) returns for Theatre / Department are completed monthly.
- Ensure all staff within Theatre / Department are kept fully apprised of all the governance indicators relating to their Theatre and Department and participate in bringing about improvements where necessary.
- Ensure two way communications between the Theatre / Department and organisation.
- Ensure all nursing / ODP staff receive monthly and weekly quality indicator reports for their Theatre / Department
- Ensure all nursing / ODP staff receive feedback from monthly ward accreditation scheme.

- Communicates with patients, carers and the wider multi-disciplinary team and in so doing, acknowledges / accommodates barriers to communication and understanding including speech, hearing, language and emotion.
- Receives and delivers confidential and sensitive information which is complex and sensitive (e.g. child protection or adult safeguarding).
- Demonstrates in depth understanding of adult/child safeguarding processes.
- Assesses highly complex issues and facilitates decision making relating to patient care, safety treatment options and outcomes, and supervises others in doing this.
- Communicates with other wards and departments as well as external agencies.
- Attends Directorate Sisters/Charge Nurse / Senior ODP meetings and Trust wide Sisters/Charge Nurse / Senior ODP Forums.
- Maintains accurate and up to date nursing and medical records, and ensures others do so in accordance with local policy and NMC / HCPC guidance.
- Provides specialist advice:
 - to individual patients and carers
 - to support groups
 - to allied professionals / multi-disciplinary meetings
 - to nursing / ODP (and associated roles) colleagues

Analytical and Judgemental Skills

- Exercises clinical judgement to assess complex issues and facilitates decision making relating to patient care, safety treatment options and outcomes, and supervises others in doing this. This can include initiating emergency action when required e.g. cardiac arrest; fire etc.
- Investigate incidents where shortfalls in standard occur and take corrective action as necessary, including reports to the Matron and the Clinical Governance and Risk Department (CGARD)
- Respond to verbal and written complaints
- Responsible for dealing with complaints and incidents at ward level utilising a pro-active approach.
- Leading audit at ward level and implementing necessary course of action dependent on results.
- Ensure safe and cost effective skill mix.
- Balance activity to available resources e.g. admissions verses discharges; patient dependencies verses staff availability

Planning and Organisational Skills

- Ensure the delivery of a high standard of evidence based care to patients within the clinical area by:
 - Plan, prepare and modify off duty and holiday rosters in a timely manner
 - Modify and adjust in response to need
