**Location:** East Riding of Yorkshire

Hull University Teaching Hospitals NHS Trust

Family and Women's Health Group

**Grade:** B7

**Hours:** 37.5 hrs per week (1.0 WTE)

Hull University Teaching Hospitals NHS Trust boasts extraordinary people and we are looking for someone like you to join us to help provide high quality midwifery care to the population of Hull and East Yorkshire.

maternity services are committed to upholding and maintaining the highest standards of evidence based practice and working in partnership with women and their families. We are looking for a highly motivated, experienced and enthusiastic midwife who has a keen interest in the education of midwives and the wider multidisciplinary team.

An excellent opportunity has arisen for an experienced registered midwife who has an interest/passion for providing professional leadership to midwives by being an enthusiastic and visionary leader.

Able to influence others through support and education for maternity staff to improve retention and recruitment. This will include supporting early career midwives, pastoral care for maternity staff, providing support for newly appointed staff, including induction training. The role will involve working with Regional and National Leads to support the Retention programme as retention is a key component of the People Plan and the NHS Long term plan.

This is an exciting opportunity to support and provide robust support for newly qualified midwives and maternity staff to promote the retention and reduce attrition of the future midwifery workforce, whilst also implementing services to improve the wellbeing of staff.

Key skills and qualities required include being organised, diplomatic, approachable, and autonomous, be able to maintain confidentiality and be a good team player.

The health and wellbeing of our colleagues is also really important to us, and our latest NHS Staff Survey reflects this. It's great to know our engaged staff are feeling even more positive and enthusiastic by recommending the Trust as a place to work. Colleagues can look forward to a warm welcome and a future full of opportunities at Hull Women's and Children's Hospital.

If shortlisted, you will be invited to an interview at Hull Royal Infirmary where you will find out more about the role.
