

HIGHER LEVEL MEDICAL SECRETARY

INFORMATION FOR CANDIDATES

ABOUT THE TRUST

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east.

The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are The Princess Royal Hospital (PRH) in Telford and The Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ more than 6,000 people, and hundreds of colleagues and students from other organisations also work in our hospitals. We benefit from around 1,000 wonderful volunteers, and our main charitable partners are the League of Friends at The Royal Shrewsbury Hospital, Friends of The Princess Royal Hospital, and the Lingen Davies Cancer Appeal which is based at The Royal Shrewsbury Hospital.

OUR VISION AND VALUES

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

Our Vision:

“To provide excellent care for the communities we serve”

Our Values:

OUR VISION

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

OUR VALUES

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective, and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is, so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour. Ultimately, if we follow our Values, we will provide services that are better for our patients and better for each other.

A MESSAGE FROM OUR CEO

Thank you for your interest in this role.

Our Trust's Vision is to provide excellent care for the communities we serve. We are striving to provide high quality, safe care for our patients in an environment which our colleagues are proud to work in.

We are looking for an inspiring, motivated individual who demonstrates our values, and who can provide clear vision and direction as we continue to move forward.

You will know that our Trust is on an improvement journey. Our recent Care Quality Commission inspection demonstrates that we are making progress towards our aim of Getting to Good, despite the challenges of a pandemic. We also know that we have more to do and that we must sustain the changes if we are to keep on improving. We are wholeheartedly committed to this and have plans in place to support this including our exciting Hospitals Transformation Programme. This will support the reconfiguration of where and how we deliver our services and the modernisation of our facilities and infrastructure, so that we can deliver better quality care for all of our communities.

It is a really exciting time to be a part of our Trust. I hope that you will join us to help steer and support us on our journey.

JOB DESCRIPTION

Job Title	Higher Level medical Secretary
Band	4
Directorate	Women and Childrens
Accountable to	Assistant Operations Manager
DBS Required?	No

JOB PURPOSE

To provide a full, professional, and confidential PA/secretarial service to the Clinical Lead for Acute Medicine and the Consultant Acute Physicians. The post holder is pivotal in the patient's relationship with the hospital, the clinical team and Consultant. The post holder provides medical secretarial and administrative service to the Lead Consultant and their team across a range of activities the majority of which are non-routine. The post holder will assist in the organisation of the Consultant's workload and will support activities with other staff to ensure that an efficient service is provided. It is essential that the post holder exercises initiative and independent judgement whilst maintaining a high level of confidentiality and diplomacy without immediate access to line supervision. In addition, the post holder is responsible for managing, maintaining and administering various data sources. The post holder will play a pivotal role in assisting in the overall development of the service to ensure it operates efficiently and effectively.

Scope of Post

- The post holder will provide a personal and confidential secretarial role and give full administrative and secretarial support of the highest quality using a number of software packages.
- Responsible for organising diaries and coordinating meetings with individuals and groups both within the Centre and the wider Trust.
- Producing letters, documents and reports in a variety of formats to a high standard.
- Provide a complete and comprehensive PA support role for Acute Medicine meetings including Clinical Governance and Mortality and Morbidity.
- Many duties are of a confidential, sensitive and complex nature and involve aspects of patient care. Tact, diplomacy and discretion will be required in dealing with confidential and sensitive issues.
- The post holder is expected to provide and receive information which may require persuasive skills as there may be barriers to understanding either due to a cultural difference or knowledge of the process.
- Facilitate effective liaison with people at all levels including senior staff in the NHS and partner organisations. The post holder must be able to work within a multi-disciplinary team and be a point of contact via telephone, email, and letter or in person for all other departments across the organisation and external agencies including patients and GP's.
- It is required that the post holder can plan their work autonomously and adapt their workload as necessary to meet any deadlines and priorities.
- The post is subject to frequent interruptions.

Main Duties and Responsibilities

Organisation

- Organise the office efficiently in a complex, changing environment.
- Manage multiple tasks, a significant and substantial number of which are non routine ensuring that deadlines are met.
- Prioritise and organise own workload; making decisions and initiating action where necessary, ensuring the smooth running of the office\team through shared knowledge and cover.
- Ensure that the results of tests and investigation reports for patients are received; shown to medical staff and all relevant ongoing arrangements are carried out.
- Using own initiative ensure that any results/investigation reports which require immediate action are presented to the Consultants or other senior members of the team in a timely manner and clinical responses are completed.
- Arrange and service meetings including appraisals for medical staff as requested; taking and transcribing minutes and any follow-up actions as requested. Using the in-house patient data tracking system ensure that all patient case notes passing through the office are booked in and out appropriately.
