

Psychology in BCHFT

Join us here at the Black Country Healthcare NHS Foundation Trust (BCHFT) and be a part of something new and exciting

Click below to watch our video about working as a Psychologist at BCHFT:

<https://youtu.be/f6HJ-gSdWvA>

What we can offer you:

- The opportunity to join a welcoming and friendly network of psychologists
- Interesting and varied clinical work to establish yourself as a clinician and to develop and consolidate your skills
- A client group with complex mental health presentations whose life experience offers a depth and richness to your clinical work
- Teams that truly value psychology and an MDT that appreciates all that we can offer including reflective practice and supervision
- Exciting opportunities to help shape the delivery of services
- Opportunities to deliver training and upskill the workforce in psychological therapies
- A culture of supporting and helping each other to grow and be our best
- A chance to make a real difference to people's lives
- Opportunities for professional development and career progression
- A creative and forward-thinking environment
- A strong and committed psychology leadership team
